

FfM Update

Toxteth & Wavertree

February 2025

New Larger Parish Name

Over the last couple of months we have been working on deciding one new name for our Larger Parish. We are delighted to let you know that the new name we have all chosen is **Hope Parish Liverpool**. In addition to the new name, we're also delighted to roll out our new branding including our logo and colours, as you can see here!

New Change Lead

We're delighted to announce that, following a period of discernment and interview, the **Revd David Halliwell** has been appointed as the clergy change lead as we work together towards establishing Hope Parish Liverpool.

David's role will be specifically to work in partnership with Clayton as the clergy change lead in this next period of the FfM journey. He will convene with the Clergy Leadership Team, and the Nav Team, helping us all to keep on track in what is inevitably a complex process.

David brings considerable experience of this kind of change process, including from the processes gone through in Wigan and St Helens, as well as from his pre-ordination working life. We expect this role to last for around a year, as we move towards the final shape of the team for the new parish.

Together Liverpool

In March, we will have a special focus on justice with a series of workshops towards creating Learning Communities in the areas of: Food Pantries & Growers, Climate Justice, and Asylum Seekers. We will invite participants from our local churches who are engaged in these areas of justice or who desire to contribute.

We will be led and supported by Together Liverpool who will help us to create a plan addressing injustice in the lives of those in our community.

We will meet together at St-Michael's in the City beginning at 7 pm, starting on Tuesday 4th March for 4-weeks. If you have any questions please contact us at:
